

KALYANI CENTRAL MODEL SCHOOL

A Co-educational School Affiliated to CBSE (10+2) Years course, New Delhi
With A.C. Boarding and Residential Facilities

PROSPECTUS

Late Gouri Roy

(Founder Manager of
Kalyani Central Model School)

Srimoti Gouri Roy worked hand in hand with the founder father late Mr Chittaranjan Roy in order to build a school of distinction. She loved children and it was her greatest joy to be with them. Their laughter, playfulness, song and dance, sports and games delighted her and she felt to be on the top of the world in the kingdom of Abha or Paradise. Their innocence, radiance, purity motivated her to build a school on earth where there will be unity, peace, love and harmony. She wanted her children to grow up into responsible adults and have won families. She took the biggest challenge of building children and never lost hope in the midst of all adversity.

To her "A school is truly a heaven on earth"
"If there is a heaven on earth- it is this, it is this, none but this" - Jahangir

Late Chittaranjan Roy

(Founder of
Kalyani Central Model School)

Kalyani central model school no under the Aegis of Education Society was founded in the year 1971 by late Mr. Chittaranjan Roy.

Late C.R.Roy was deeply religious generous, dedicated, energetic and benevolent person. He was a patron of education. He wanted promote all round development coupled with acquisition of excellence in academics amongst the students.

His dream was to build up a good school where the children of Kalyani and surrounding get good education and become good citizen having sparking qualities which lead them to serve the nation

He started the school with dedicated person bearing similar thought and with 150 students and 17 teachers in 6 rooms. Gradually it spread its name and fragrance all over the area after crossing many hurdles. The dream of the architect came true.

Those who educate children well are more to be honoured than parents for those gave life, those the art of living' - Aristotle

The greatest service that can be possibly rendered by a man to the Almighty is the education of children. It is in the school the child learns human values, respect cultural heritage, preserves national integrity and solemnity. These values and traditions are their weapons. No poisonous arrow can pierce this armour. No fear can sabotage upon the spirit of one whose head is held high with these virtues.

The school is a laboratory for the child where he carries on with his experiments, learns from his mistakes and practices those ideals which will guide him in his later life when there will be no friendly teachers, no guiding Principal and no loving parents but his own deeds will decide his future destiny.

Dear parents it's over four decades of distinguished service in the field of education working to create a holistic development in them. K.C.M.S. has produced scores of thousands of students well placed in society in significant positions. I feel proud and highly privileged and express my heartiest feeling to one and all associated with me under the aegis of Angel Education Society.

Thank you dear parents for this trust and belief you have on us by entrusting your most precious possession - YOUR CHILDREN. We promise to continue this legacy and give our utmost endeavour to work self Lesley to ensure their well being and outstanding preparation for life.

Mr. Rudrabir Roy

(M.Com, L.L.B., M.B.A.) (Chairman of Angel Education Society & Monami Education Trust)

MESSAGE FROM THE CHAIRMAN

MESSAGE FROM THE MANAGING TRUSTEES

“

All of us do not have equal talent.
But, all of us have an equal
opportunity to develop our talents.

”

We very much welcome your interest in considering KPS for educating your child. Reading of this Brochure will enlighten you of the diverse strengths facilities and programs for the curricular and co-curricular creativities KPS has institute for the students

The essence of our success is not only in our perfect Student- Teacher Ratio, our Libraries and technology, our sports facilities, our modern infrastructure... but also because “we care”. We care for each one who enters the portals of our institutions. We understand the power of a touch, a smile, a kind words, a listening ear, or the smallest act of caring, all of which, embody “Parental Care”.

To us your child is unique. We are committed to grooming your ward into a strong all rounded individual who will excel in academics, be participative in co-curriculum activities and be well prepared for leadership and responsibility as a caring global citizen. We look forward to welcoming your child to Kalyani Public School.

Mrs. Erina Roy

President, Angel Education Society

“Atma Deepo Bhava” or
“Be Your Own Light”.

The children at our school are trained and encouraged to explore, reach out and seek answers for themselves. Our mission is to be the institution of excellence in education in terms of keeping the heritage of our nation intact and also simultaneous development of body, mind and spirit. We have a vision of creating dynamic, charismatic, enthusiastic and innovative citizen who would meet the global challenges without any hesitation and also retain the traditional values. We feel development of humanity is the most effective lesson to be taught to the pioneers of our future society. Now excellence doesn't happen by chance of coincidence. All our schools under Angel Education Society believe that excellence is a process where we mould our curriculum and the teaching methods as a combination of the best modern and traditional, which turns our students into complete individuals. children at our school are trained to be unique and exceptional individuals with the proper mix of values, knowledge and leadership qualities instilled.

People say that there exists a thin dividing line that separates a good school from a truly great school. I am happy to say that we are moving steadily along the journey to greatness, and it is a pleasure to be accompanied on this journey by so many wonderful people like our students and their parents also our staffs and the wonderful faculty members.

Mr. Akash Roy

Manager, Kalyani Central Model School

MESSAGE

“

Live as if you were to die tomorrow.
Learn as if you were to live forever.

”

MESSAGE

“

The beautiful thing about learning is that nobody can take it away from you.

”

As an young Educator and entrepreneur I believe that a school creates brilliance when the teachers view to tap out the full potential of their students. This is the secret of the success of Kalyani Public School and all other schools under Angel Education Society. Indian Education System has undergone vigorous transformation. We have experienced learning in Gurukuler and Shikshagrahas with elementary tablet sized blackboards and now educating the future youth of our country on the tablets itself. The game change in education is 'Digitalization' with the evolution of new techniques like Smart class, Tablet, E- learning classroom, Software and Apps has defined itself as a means of both liberation and exploration that can sure remould our conventional teaching methods. At Kalyani Public School there is a perfect blend of traditional and digital teaching to facilitate learning and pave the way to strengthen modern education.

Mr. Ankit Roy

Member, Angel Education Society

FROM THE DESK OF THE PRINCIPAL

I have taken over as Principal of Kalyani Central Model School. I am very happy to report that in the 21st century our school will find a place in the city. Angel Education Society promises a paradigm shift in imparting modern education blended with Indian tradition.

In our school, the class room is in itself a small world where a child's value such as courage, discipline, responsibility, honesty and respect for others can be developed.

Loyalty and friendship are at first encountered in the class room and both practiced and perfected here for taking serious decisions and judgments.

The lessons offered can serve as guides to help young children to choose the right path, to be well mannered and form good habits which will reinforce values of good social relationships, helping children to work together as a team. A positive and creative attitude is nurtured and nourished among them.

The managing committee is also conscious of their duty in providing better teaching, learning environment and infrastructure to the students and staff for better and harmonious tomorrow.

Come and see the school in action, I am confident that you will discover an environment in which you would like your child to grow up as a perfect human being.

Principal

ABOUT US

Kalyani Central Model School, Kalyani was established in the year 1971 with a noble cause and firm determination to impart education with a blend of eastern and western concepts of modern education. We started with few and we number quite sizably today. Yesterday gave us a lot but every "Today" we live in we are planning for tomorrow. The school is dedicated to achieve lofty mission of Swami Vivekananda's "Character Building and Man Making with Child Centric and Noble Experiments."

The motto of our founder (management) is to develop mental, physical and moral faculties of the child and impart the graded education in such a way as to provide an opportunity for all round development of personality and their innate abilities come out in all walks of life. Besides, love, hope and charity will be our guiding force to dissipate gloom of despair and illuminate an eternal lamp of Truth, Goodness and Beauty.

Our institution is a next generation, progressive, result oriented Senior Secondary Co-educational Institution with Science, Commerce, Arts streams in the senior sections (XI & XII), affiliated to the Central Board of Secondary Education (C.B.S.E.), New Delhi. Our institution is basically an independent private school offering courses leading to Secondary and Higher Secondary School Certificates. The school has a consistently good track record in the Board's Examinations. It came into existence as a translation into reality of the dream of Late Chittaranjan Roy, eminent social workers of this area. Nature gifted fresh, healthy and unpolluted environment and enfolding a rich heritage and history, provides your ward with a unique atmosphere of learning. The school

campus with triple storied "L" from both sides, a garden and an attached play ground, canteen situated in a healthy and open area of Kalyani town between Central Park and Buddha Park.

The school was established in a minimum form by Late C.R. Roy. It started growing luxuriantly and became a fully fledged Senior Secondary School in the year 1978. It continuously received National Awards in three consecutive years (1982, 1983, 1984). The key elements of education here are the process through which children learn the experiences they accumulate and the knowledge they acquire. The traditions laid down by Late C.R. Roy have not only been commended by his successors Mrs. G. Roy and Shri R.B. Roy, but their untiring effort and devotion has earned a high reputation for the educational need of a very large area of Kalyani Town and its suburbs. The school provides intellectual challenges, personal growth and preparation for an interdependent world. The school is a home away from home where young people find scope within their own cultural milieu to reflect on their lives which is the fruit of reflection on life and its lessons.

Our school building specially built for the purpose of study has a healthy atmosphere. It has spacious and well ventilated rooms with all the facilities including separate toilets at each floor for boys and girls. It has a well furnished library and computer rooms with all the equipments necessary for the students. There are well equipped Physics, Chemistry and Biology laboratories for the practical classes. All other departments are also well-equipped with various teaching aids to impart effective teaching to the students.

VISION

Established in 1971, the institution has built up its own traditions and provides an ideal education for the twenty first century. Providing excellent education for more than 1400 students mainly from the locality and the suburbs, the vision of the founders has become a reality here. This collection of intelligent and energetic young people offers a, unique educational environment.

MISSION

The mission of the school is the education of young children for significant leadership and career in a competitive world. Making 'your ward an exemplary character, a token of excellence, is the mission. It is achieved through the hard labour, sincere efforts and devotion. For us it is a sacred mission.

AIM

Our aim is to prepare students for the new century characterized by rapid and constant change, the unpredictability of human affairs and transformation of our working places. We prepare students to play an active role in various fields. Our objective converges in a single, all encompassing goal. "The preparation of young students for the significant achievement in an independent world."

The school aims at imparting liberal education which helps in developing the total personality

of the students and in bringing about all round growth of body and mind. The most outstanding , features of the school is the harmonious and' integrated living together of the boys and girls t hailing from different communities, speaking I different languages and having different, cultural backgrounds. Pupils read and play together and imbibe the spirit of relationship t grounded in exception of unity of life which makes them conscious of the common destiny of mankind. We are special for (a) Faith in tradition (b) Keeping up good old tradition (c) Making new tradition and allowing others to emerge.

VALUES

The Values: “Education of a male child is the education of an individual, education of a female child is the education of a family.”

- Swami Vivekananda

The social and moral values taught in our SCHOOL ASSEMBLY and within our broad curriculum and activities help to promote confidence, direction and lead to the children to a well rounded personality. The important skills and lessons learnt through the school career provide a solid foundation which they carry lifelong. A deep sense of freedom, loyalty to the motherland and need for practical ethics in public life are to be inculcated in students. “It is our endeavour to make education a purposeful, meaningful and enjoyable experience. Education is a continuous process by which a generation is prepared for the future by providing as many opportunities as possible to develop every aspect of the personality. As Swamiji said “ARISE, AWAKE, STOP NOT TILL THE GOAL IS REACHED.”

LEARNING AND EXPLORING TOGETHER

The elementary classrooms for the newly admitted children are colourful and the lively wing of the school. The classes are kept small in order to grow good relationship between students and teachers.

The Thematic Approach is favoured from nursery to class IV. These joyful (toddlers) group will learning experience, exploration, discovery and experimentation.

A young boy with dark, wavy hair is the central focus, looking slightly to the right of the camera with a calm expression. He is wearing a bright yellow school uniform with a green sash and a plaid collar. He is seated at a desk, with his hands resting on it. In the background, other children are visible at their desks, and the classroom has yellow walls and windows with metal grilles. A blue text box is overlaid on the bottom left of the image.

OUR EXCELLENCE

Here at Kalyani Central Model School we enjoy a tradition of high standards and commitment to care. Our excellent facilities and dedicated staff together with the advantage of dealing with a homogenous group, enable the children of all abilities to become achievers here in the academic and creative field.

The key elements of education here are the process through which children learn the experiences they accumulate and the knowledge they acquire. These will be their assets for them for the rest of their life. If you seek a school that provides intellectual challenges, personal growth and preparation for an independent world, Kalyani Central Model School is the institution.

SKILL DEVELOPING

The basic skills of communication viz: Speaking, Writing, Reading, Calculating and Creative Art.

The study skills of scientific and methodical learning viz: observation, classification, estimation, analytical reasoning and caused effective relationship. The social skill of wholesome interaction with their peers viz: Co-operation, sharing and mutual respect.

Imparting a holistic education will be the primary Goal of unique institution, which constantly endeavors' through innovative methodologies to realize this vision. The school will have typical Indian identity, whereas it will march ahead with the progress of the first world countries. They develop within themselves to love amalgamated by an understanding and empathy for its people, traditions, religions and culture.

At kalyani central model school young people will find scope within their own culture milieu to reflect on their lives and do develop not only in knowledge and skills but also in wisdom which is the fruit of reflection on life and its lessons. As they grow towards human maturity they are enable with the support of the school and the grace of the Divine Spirit to find meaning and purpose in their emphasis laid on character building and creativity.

OBJECTIVES

Teachers and staff encourage the students to speak in English. Students are expected to speak in English during school hours without fail. As we know that if a relevant degree of perfection is to be achieved in the language, then practice is the only way. English skills learnt in our classes equip pupils for the world beyond the classroom. The need for accurate English is emphasized, together with the value of creative expression.

The whole object of education is to develop the mind. It not only contributes in softening manners, but also gives a delicate turn to the imagination and polish the mind, body and soul. We, at KCMS, believe that education to be completed must be humane. It should lead not only to the training of the intellect but also to the refinement of the heart and the discipline of spirit. Academics are learner oriented. Group discussion, peer work, problem solving, debating etc. have been adapted as teaching tools. The school does not allow only the text books to determine the course of study. The school creates a plan in such a way that the learning experience provided through the curriculum enables the child not only to know the fact but also to understand, apply, analyze, synthesize and evaluate them.

SCHOOL HOURS

10:50 a.m. - 01:00 p.m. (Nursery and Prep)

10:50 a.m. - 04:30 p.m. (I to XII)

class I- English, Bengali, Hindi, Science & Mathematics.

class II to IV - English, Bengali, Hindi, Mathematics, Social Study, General Science, Computer from class-III onwards - Craft & PT.

classes V to VIII- According to syllabus prescribed by C.B.S.E. and N.C.E.R.T., New Delhi

Class IX onwards- The syllabus is according to 10+2 pattern which includes Information Technology.

A COLOURFUL EXTRAVAGANZA

The approach at Pre-primary is child centric - "PLAY WAY SYSTEM OF EDUCATION." It is development oriented and gives emphasis on the child's interaction with his environment. The main objectives at this level are the development of socio-economic, language, physical and motor skills, creative expression, aesthetic and cognitive skills. As per CBSE Board we don't keep any pressure in the child with books or with examinations. We build up the child through experimental method of

learning (i.e. through love and affection) A thematic approach is designed to stimulate the children through various interactive sessions and activities. Innovative contemporary concepts are projected and re-enforced through different subjects - "learning by doing" culminating in "joyful learning" is the ultimate goal. A blend of mass participation along with an emphasis on a strong sense of individuality is stressed upon.

OUR STRENGTH

The school is headed by our highly experienced PRINCIPAL, VICE-PRINCIPAL, CO-ORDINATOR AND TEACHERS.

Having a proven track record as a academician and an effective administrator over the years. The school has well qualified, dedicated, highly trained and experienced teachers to impart quality education to the students. The teaching faculty has a great attitude i.e. to succeed against all odds. They are not only highly educated

but also innovative, resourceful, creative and devoted. They are always gearing up to meet the challenges that lie ahead as they know change is the process by which the future invades our life. To apprise our teachers of the changing trends in education and to face the challenges of the expanding world, the school organizes workshops, seminars and symposia in various facets from time to time.

COUNSELING

A physiological and psychological change is a common phenomenon in the students during their adolescent age. Due emphasis, as such, is laid on the time to time personal counseling by trained teachers to improve the confidence,

self esteem, conflict regulation techniques and, positive reinforcement to enable the students to realize their strength and channelize their energy in right direction.

INDIVIDUAL ATTENTION

An effort is made to pay individual attention to all students in academic matters as well as in their physical, mental, moral and emotional development. The house system in the school ensures personal attention to all students in dealing with their emotional problems. The prefect system in the school trains the students to shoulder responsibilities in matter of discipline and work. Special attention is paid to

the new entrants of the nursery and preparatory classes by providing them with games and play materials. Charts, counting frames, colour balls and figures, taking them round the important places in the locality and by allowing sufficient freedom to play in the children park in the school garden as it is called the “PLAY WAY SYSTEM OF SYSTEM OF EDUCATION”

HOUSE SYSTEM

- | | |
|-----------------------|--------|
| 1. TAGORE HOUSE - | RED |
| 2. RAMAN HOUSE- | BLUE |
| 3. NETAJI HOUSE- | GREEN |
| 4. VIVEKANANDA HOUSE- | YELLOW |

The entire school is divided into four houses in the names of National Heroes. The house division provides the opportunity to the students to develop their organizational ability and enrich themselves through healthy house competitions organized by the school

throughout the year. Each house is controlled and regulated by the house captain under the close supervision of the house teachers. Friday is, considered as the “House Day” and students are allowed to attend the school in their respective house dresses only. Vide this system, the initiative and I capabilities of the students are continuously monitored and those with inherent and cultivated leadership qualities are selected to the prefect’s council.

DISCIPLINE

Much emphasis is given to the maintenance of discipline in school. The rules of conduct and the code of honour of the school are based on instilling a sense of discipline in the students without infringing upon their self esteem,

- a) Every student must abide by the rules and regulations of the school..
- b) Regular and punctual attendance is very important from the point of study and examination. The Board rules require a minimum of 75% attendance during the session to be eligible for being sent up for the public examinations and the same rule is applied for other students also for getting promotion to the next higher class.
- c) Students are required to attend school in proper school uniforms.
- d) In case of absence from school under unavoidable circumstances application for leave must be submitted to the Principal in black and white.
- e) No student should leave the school at any time during the working hours without permission of the Principal which will be punishable.
- f) Attendance in all functions of the school whether working days of holidays is compulsory for all students.
- g) It is compulsory for the students to attend morning assembly and also Independence Day/Republic Day functions and other functions of the school.
- h) As ours is a co-educational institution, all the boys and girls are taught strictly to behave with each other as brothers and sisters and live in the school as member of one family.

CLASS ROOMS

The class rooms are large, airy and lively. The voice of the students is heard and nurtured. i teachers offer a supportive environment for study. Our examinations are for testing the standard! And proper feed back of the performance is given to the teachers, students and parents after each!

UNIFORM

- Students should wear appropriate school uniform.
- Skirts must be worn higher than knee.
- Students should wear house dress only in the house day.
- Colouring of hair is strictly prohibited.
- Long and coloured nails are totally banned.
- Dress should be neat & clean and properly ironed.
- Neck tie should be worn in proper manner & belt should be visible.
- Shoes should be well polished.
- Use of cell phone in the school premises in any manner is completely prohibited.

EXAMINATION:

The school conducts two unit tests and two major examinations. Apart to this sudden Oral test are also arranged to check the attentiveness of the students. The students have to secure at

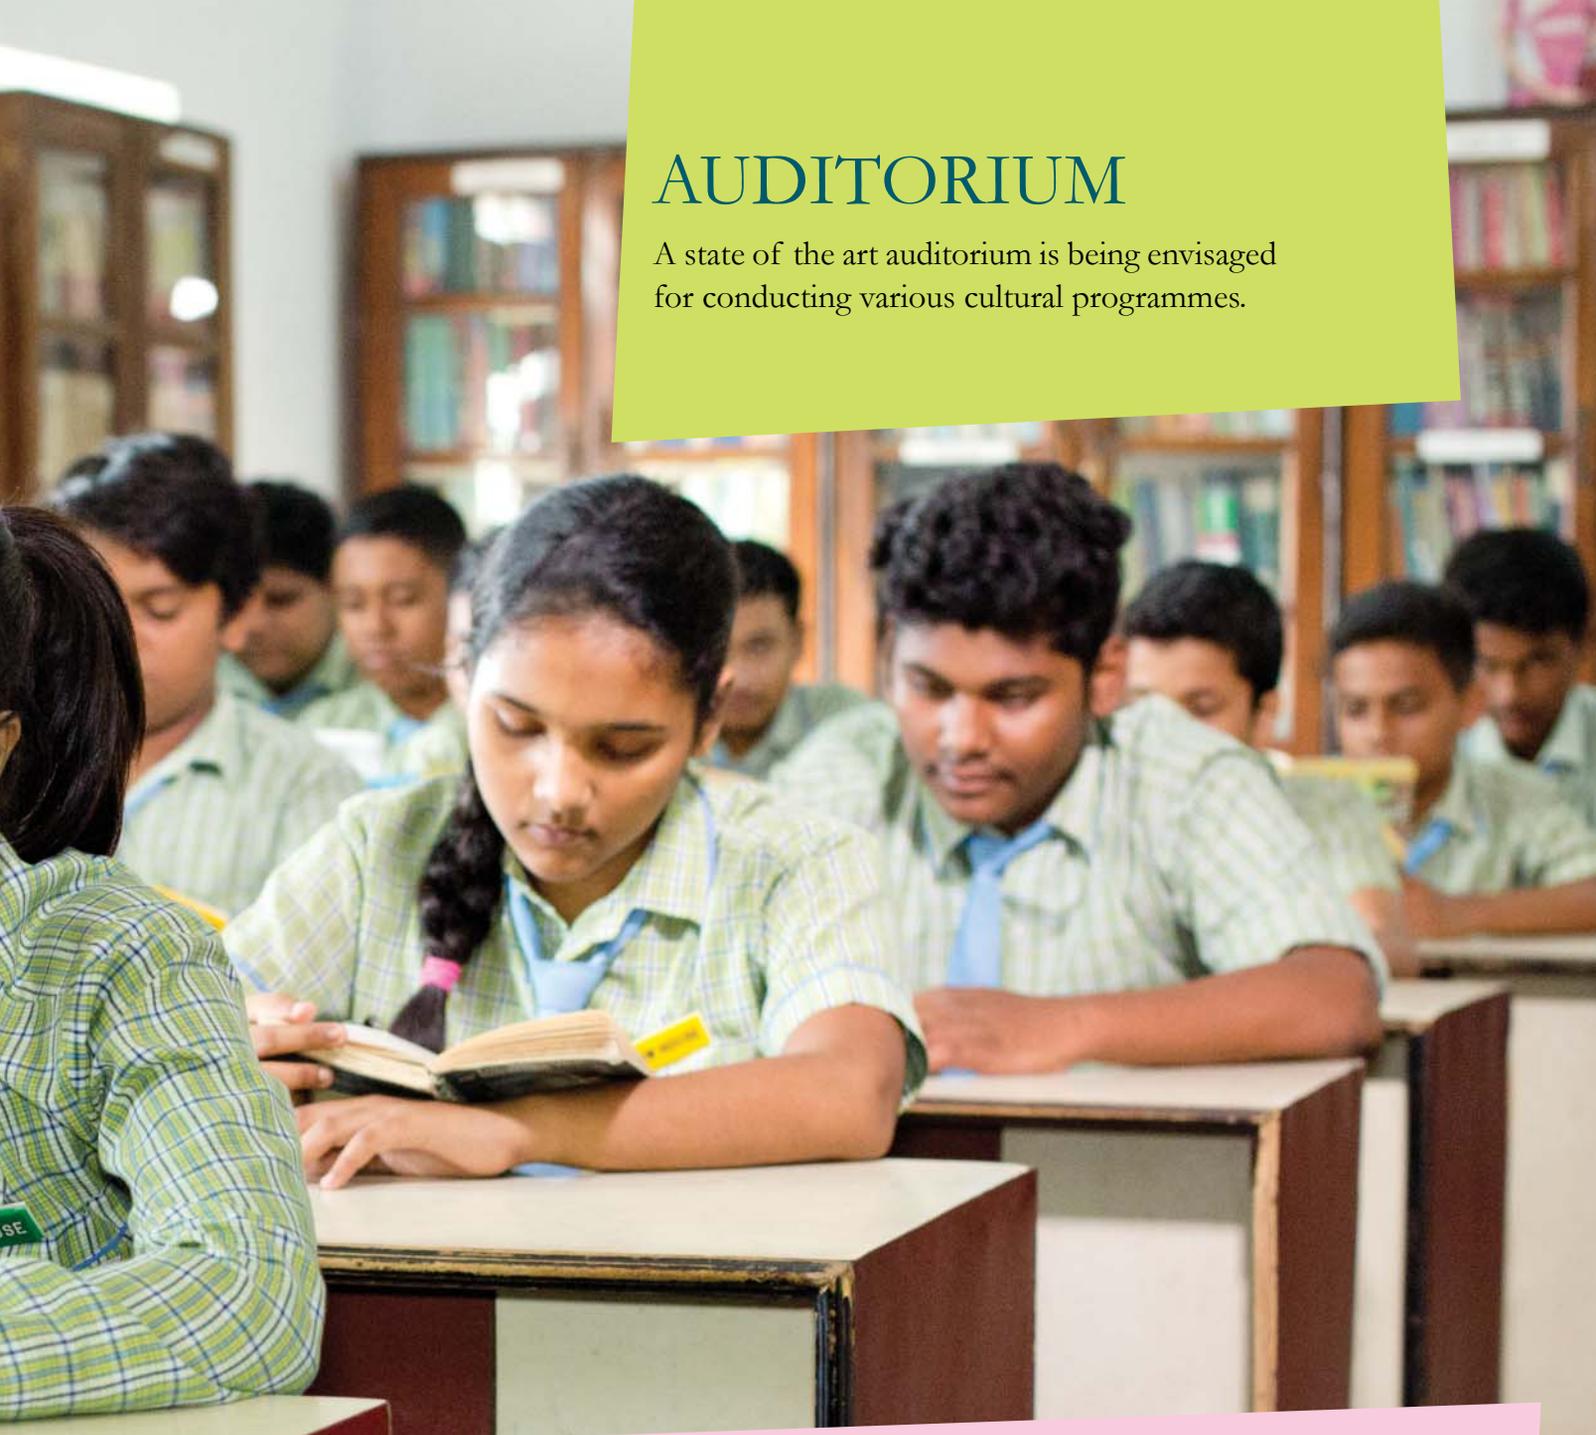

least 40% marks in each subject for promotion to the next higher class. It is however, mandatory for the parents/guardians to clear all the school dues before the examinations, failing which the student will not be allowed to sit for the examinations.

LIBRARY

The Library is the center of learning in any school. Our school has a well equipped library that offers an open shelf-system for the convenience of the readers. The books available in the library cater to all interests and age groups. The books ranging from literary classics to all subjects with reading room facilities has been established. Periodicals, Journals and national and international magazines are procured to inculcate the habit of reading in the young.

Every class has a library period once a week. Subject teachers accompany the students to the library and help them in selecting books and deriving information. Group discussions, Book reviews, Quiz etc. are some of the follow-up activities taken up in the class. The library is equipped with a computerized database for easy access to books. All the important newspapers and periodicals are subscribed.

AUDITORIUM

A state of the art auditorium is being envisaged for conducting various cultural programmes.

CO-CURRICULAR ACTIVITIES

Education is the creation of sound and mind in a sound body. It develops the individual's faculty. So, the school attaches great importance to co-curricular activities. All the students are encouraged by the school to develop some hobbies. A healthy mind and healthy body is ensured through various leisure activities and physical sports. The importance of co-curricular activities in school education and its necessity for a holistic development of student's personality is well established.

Co-curricular activities like music, dance, drawing, painting debates elocution etc. are

an integral part of the learning process in Kalyani Central Model School. Group activities through various clubs such as Science Club, Nature Club, Eco-Club, Arts and Literary Club, Philately Club etc. help the children gain skills in team work and leadership in addition to increasing their knowledge in respective domain areas. These activities further enhance their knowledge in these frontiers and broaden their vision of life. Ecology and its protection is a key area of focus in co-curricular activities. The associated programmes generate awareness on the need for protecting nature and maintaining

COMPUTER LABORATORY:

The school has well established computer laboratory with latest Pentium IV computers and state-of-the-art peripherals! Apart from programming in Basic, C++ etc., Web designing & Multimedia courses are also conducted here as per C.B.S.E. course. We plan to have a CAL room (Computer Aided Learning) where the primary class students will work in pairs on

specially designed CAL package. In the lab, our senior students will be seen surfing the internet working on educational CDs and packages, creating websites working independently and in pairs or groups on class projects and class assignments which will be given to them regularly by their subject teachers.

SCIENCE LABORATORY

“I hear and I forget, I see and I remember,
When I do I understand.”

True to this ancient saying, we emphasize hands-on practical work, as far as possible, to help our students understand the theories of science. Lab work helps bring forth the child's innate curiosity and channels it into a systematic exploration of things unknown.

The well-equipped laboratories attest to our commitment to provide high quality education. The science department (physics chemistry & biology) provides a pleasant and hard working atmosphere. Separate science subjects are taught by specialist teachers and students achieve excellent results in these subjects too.

SMART CLASS

A new improved audio-visual lab is being established to acquaint the young minds with the latest methodology of teaching and expose them to the realms of modern technology.

In the process, the students shall also have a firsthand knowledge of virtual reality and artificial intelligence, fuzzy logic etc. through EDUCOMP.

DIGI SCHOOL

- Enhances students performance
- Dynamic nature encourages active learning
- Complicated concepts are easily learned
- No more turning pages, night outs and tedious study hours
- Raises standers of education.
- Technology aided Maths lab, Computer lab, Smart classrooms run by NEXT EDUCATION concern with interactive white boards and Computer aided learning system.

GAMES AND SPORTS

Sports and Games The games curriculum at The Kalyani Central Model school is a compulsory part of the educational process.

Games offered:

Cricket, Football, Athletics, Tennis, Basketball, Volleyball, Swimming, Rock Climbing, Archery, Roller Skating, Rifle Shooting, Table Tennis, Chess, Badminton. Expert coaches guide the children. The juniors have modified games for developing gross motor skills.

The Multi-Gym in school helps the students practice gymnastic exercises. Regular P.T. classes and games for juniors and inter house contest in major outdoor and indoor games, a health clinic take care of the fitness and health, of the students in school.

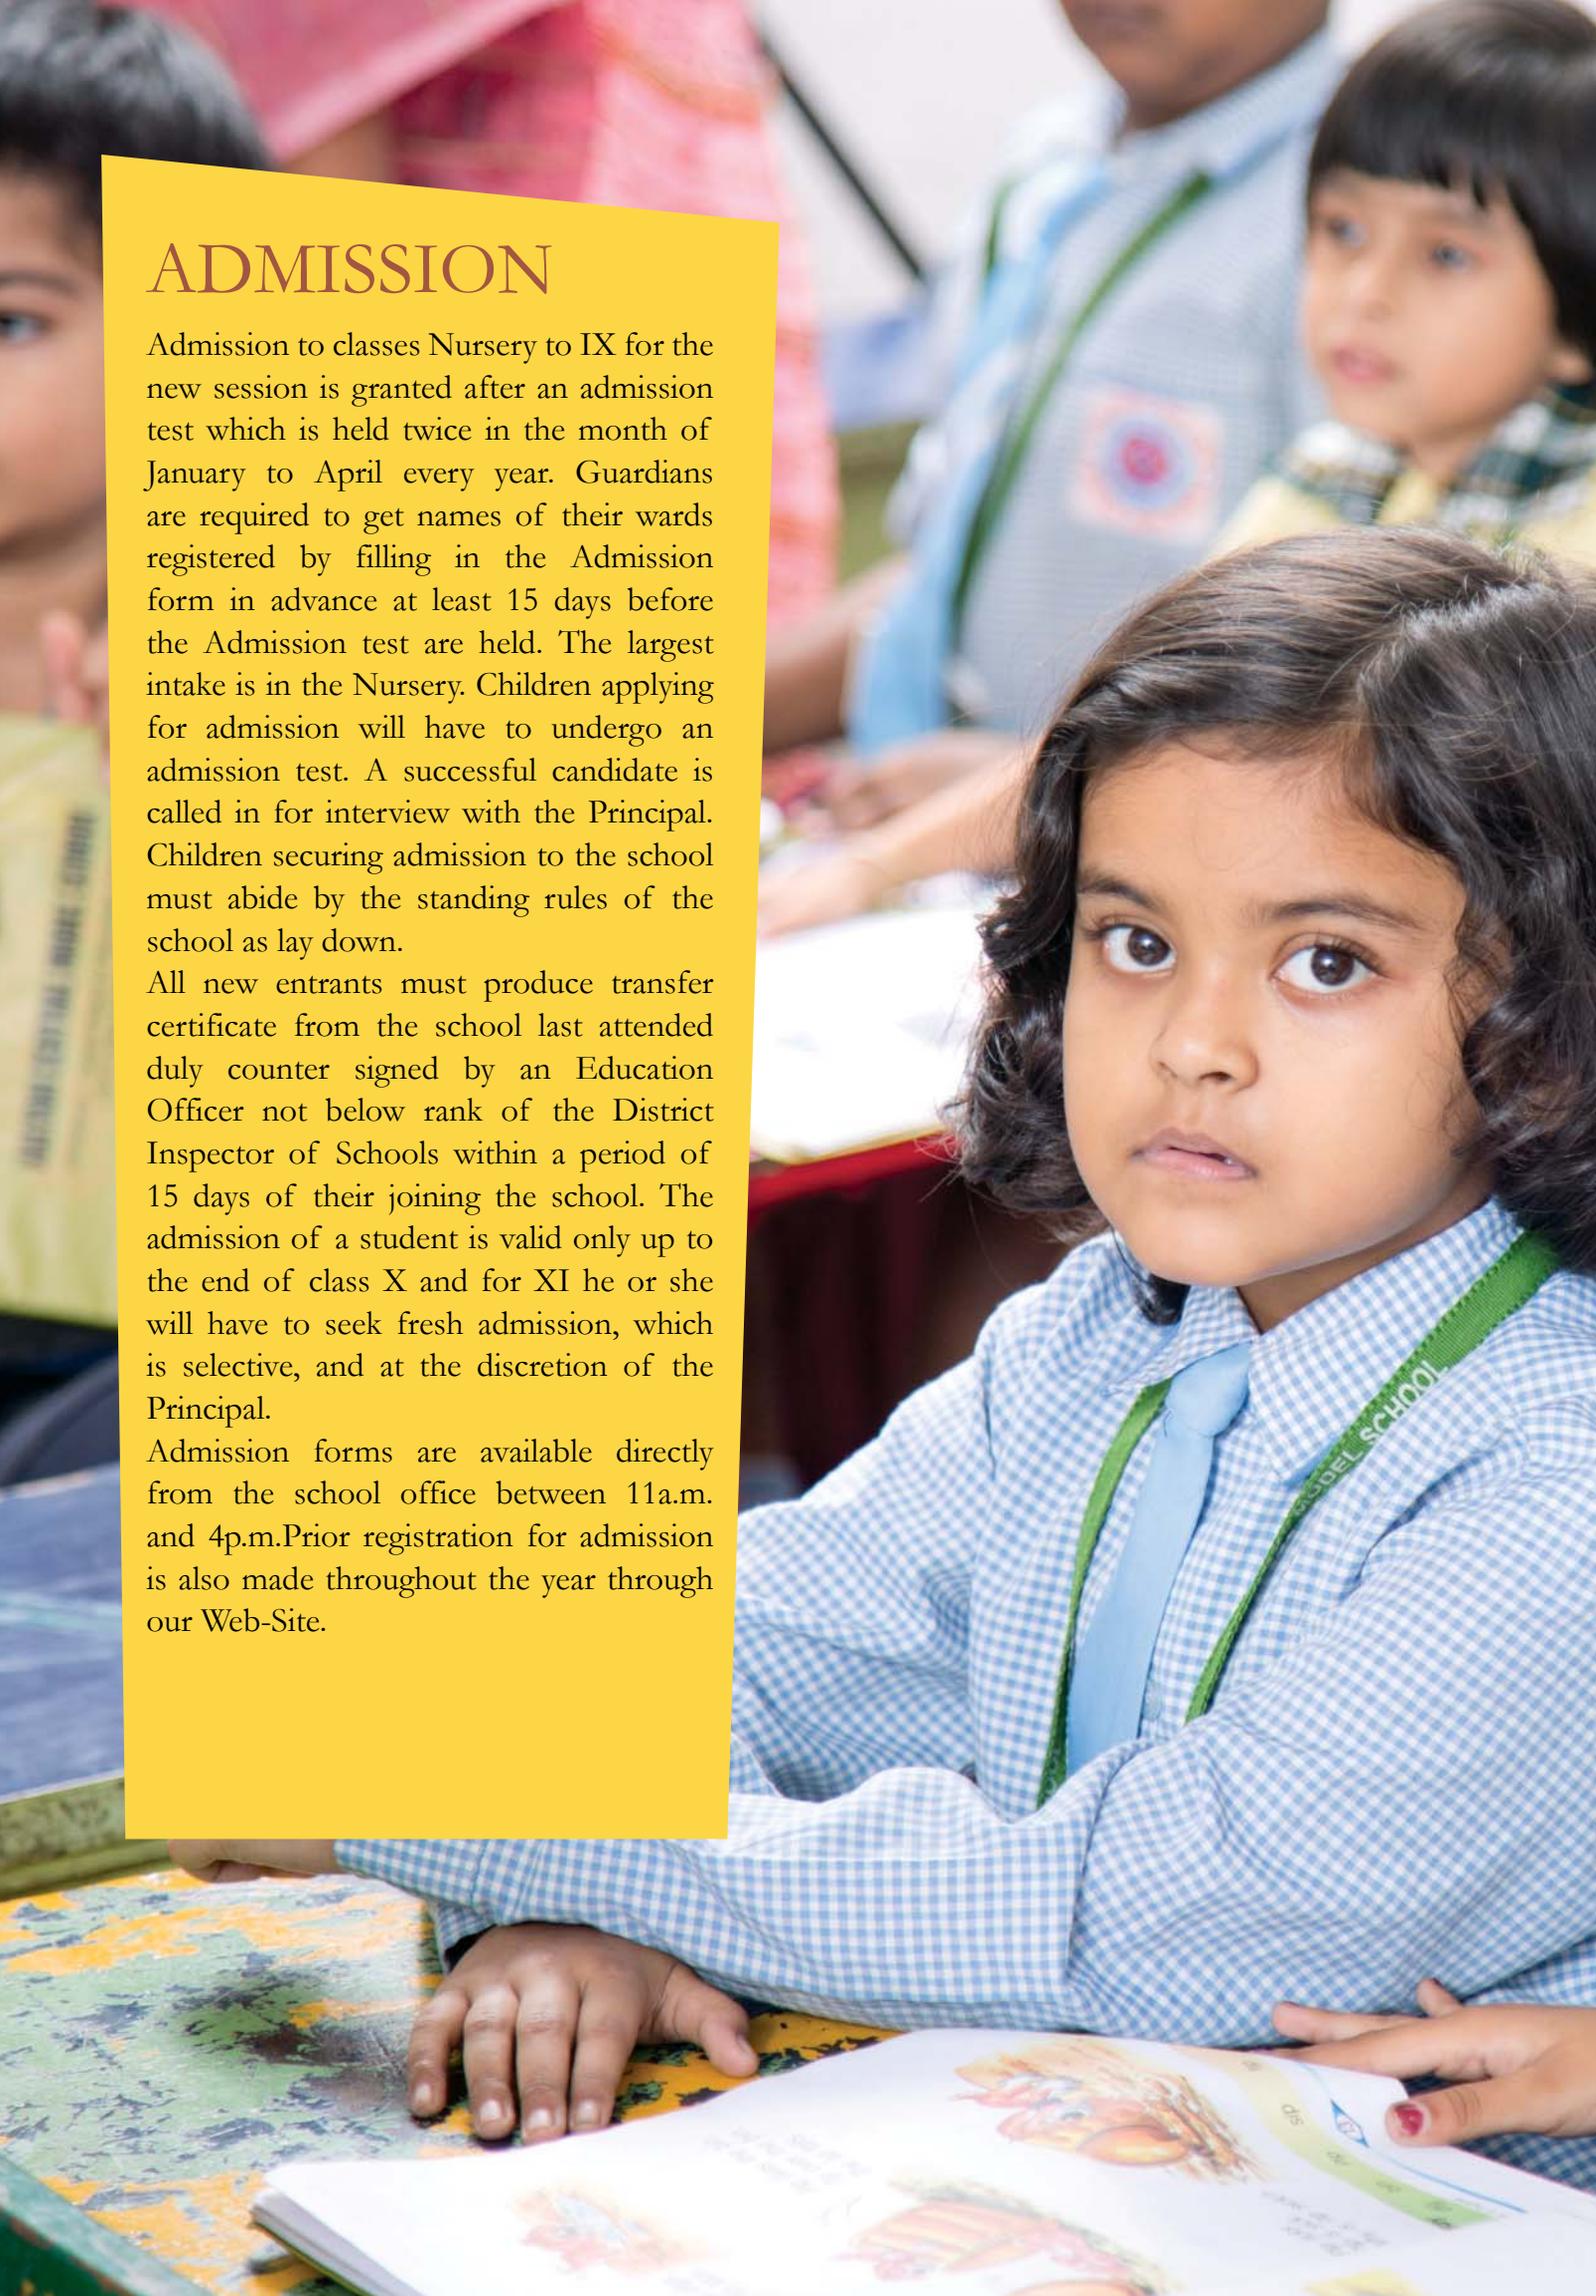

ADMISSION

Admission to classes Nursery to IX for the new session is granted after an admission test which is held twice in the month of January to April every year. Guardians are required to get names of their wards registered by filling in the Admission form in advance at least 15 days before the Admission test are held. The largest intake is in the Nursery. Children applying for admission will have to undergo an admission test. A successful candidate is called in for interview with the Principal. Children securing admission to the school must abide by the standing rules of the school as lay down.

All new entrants must produce transfer certificate from the school last attended duly counter signed by an Education Officer not below rank of the District Inspector of Schools within a period of 15 days of their joining the school. The admission of a student is valid only up to the end of class X and for XI he or she will have to seek fresh admission, which is selective, and at the discretion of the Principal.

Admission forms are available directly from the school office between 11a.m. and 4p.m. Prior registration for admission is also made throughout the year through our Web-Site.

ACADEMICS

Psychologists truly believe that in order to achieve a long goal in life, a short term goal, that is, excellent results in class X and XII examinations (C.B.S.E.) has to be achieved through hard work. This exercise for hard labour along with the discipline that we impart will be a lifelong asset for our students. We monitor carefully and encourage students through special coaching to improve their study skills, concentration power, time management and memory skills. A dedicated and energetic faculty nurtures the students in a supportive academic atmosphere. The Founder Secretary and the Principal continue to inspire, sustain and direct the school with their innovative and charismatic leadership. People say miracles happen. We believe in making them happen through:-

- (a) AWAKENING the sleeping giant of possibility in your word,
- (b) INSTILLING into your ward's curious mind how to grow into an accomplished personality and an ideal citizen through good habits, moral values, perseverance, discipline and good character,
- (c) PROVIDING such facilities that are conducive to the development of all the faculties of his moral, mental, physical and emotional set-ups
- (d) PROVIDING most modern devices for academic training
- (e) ENSURFACING his/her talents, abilities and possibilities and moulding them in conformity with the demand of the times
- (f) PREPARING your ward for a true entrepreneurship.
- (g) IMPARTING TRAINING that helps your ward in his/her personality development.

TRANSPORT

The school has good transportation facility. Those parents who wish to avail the school bus for their wards are requested to contact the office with the application. The school provides bus facility to the students to avoid the inconvenient journey by public bus. There are 6 buses, one going to Shyamnagar route, the second one going to Kanchrapara-Haringhata route, the third collects students from different areas of Kalyani town, the fourth goes to Chinsurah, the fifth goes to Mogra and the last one goes to Tribeni.

PARENT-TEACHER CO-OPERATION

A school is an edifice, resting on the foundation of goodwill of the community, goodwill of the parents and goodwill of the pupils. A child should acquire physical, mental, moral and spiritual, i Our children need proper guidance for this. The need for co-operation between home and school is now greater than ever before. It is wrong to suppose that education begins and ends in the school room. L The “Student’s Diary”, which is a regular bridge of communication between the teacher and the parents, should be properly utilized.

MEDICAL

A qualified nurse and Doctor takes care of First Aid and other emergency medical care of the children.

RULES AND REGULATION

Be well prepared for all the Examinations. You should not on any account go to the low level of adopting unfair means. Absence during the examination will be viewed seriously and will effect the promotion of the child. Children should also remember:

1. Students should treat their school mates as brothers and sisters and their teachers/superiors as fathers and mothers.
2. A student will not be allowed to sit in class without proper school uniform and the school diary.
3. Every student must participate in every co-curricular activities organized by the school.
4. Students must not break or damage school property and should think that the school property is their own.
5. The office is out of bounds except when you have a business there. Enter and wait quietly for your turn until the official finds time to attend your needs.
6. Be polite to the school menial staff. Their hard work deserves your sympathy.
7. One month notice must be served or a month's fee paid before a pupil likes to withdraw from the school or bus discontinued.
8. The transfer certificate and the character certificate will not be issued unless all dues are cleared and the charges for the same to be made on payment.
9. Servants or attendants are not allowed to remain in the school premises during the school hours.
10. It would be appreciated if children are sent to school punctually. Parents are requested to send a written message to the teacher-in-charge if a child is to leave the school before time.
11. Admission commences from January to April in the sand year. In exceptional cases this condition may be waived.
12. Pupils may use the school bus; charges will be according to distance.
13. The school will not accept responsibility for the progress of children who are present for less than 75% of the total working days of the school in the year, and the student will be detained in the same class as per CBSE norms.
14. Students are to address teachers with due respect and to behave in a suitable manner in school as well as on the way to and from school. A stern action will be taken for misbehavior in the school bus.
15. The School Authorities reserve the right to enhance tuition fee and other charges from time to time according to necessity.
16. The School Authorities are not responsible for any book, money or valuable article lost. Students are advised to bring their belonging in a bag or suitcase, which can be locked. They must look after their own belongings.
17. School Authority should not be responsible for conveyance if the School Bus is out of order.
18. All Text Books used are prescribed by the Central Board of Secondary Education (New Delhi) and Kendriya Vidyalaya Sanstha under 10+2 patterns with work education.
19. No books, periodicals or newspapers of objectionable nature shall be brought to the school by any student. All books for private reading if brought inadvertently must be submitted to the class teacher. Parcels and letters addressed to the students are subject to inspection before distributing them to the children.
20. Any damage done to the school property should be made good by the pupil concerned.
21. To write or draw on the black board (except when called upon to do so), to write words offensive to anyone, to spoil walls or maps or anything else are things absolutely to be avoided.
22. Take great care of your text books, note books and other belongings. Beware of stealing your neighbour's property even if it be the smallest thing. Should you find a lost article return it immediately to the school. Keep the floor clean by allowing no paper to fall on it. Cleanliness and purity of soul are reflected by a clean and neat exterior.

KALYANI CENTRAL MODEL SCHOOL

A Co-educational School Affiliated to CBSE (10+2) Years course, New Delhi
